

Bally EM Vocabulary

- actuator
- actuator blade
- adjustment
- air cylinder
- anti-cheat bar
- arc
- armature
- BOS (beginning-of-stroke)
- back up blade
- ballast
- bank
- base plate assembly
- bearing plate assembly
- beau plugs
- belly glass
- blade
- burnishing tool
- cabinet
- cabinet assembly
- cabinet exterior
- cabinet interior
- cam
- candle assembly
- candle light
- capacitor
- carriage unit assembly
- circuit
- clock
- clock fan
- clock unit
- closed
- coil
- coil stop (core plug)
- coin
- coin acceptor (mechanism)
- coin fence
- coin kicker assembly
- coin diverter coil
- coin lock-out coil
- coin relay coil
- coin relay switches
- coin relay unit
- coin switch
- combination circuit
- connecting rod
- connector
- contact wiper plate assembly
- counter
- core
- c-r relay
- current
- dashpot switch
- deenergized
- delay relay safety timer system
- diode (rectifier)
- disc
- disc contacts
- door
- door glass
- door lock
- door lock assembly
- drive arm
- drive pawl
- "e" clip
- electric door lock
- electricity
- energized
- EOS (end-of-stroke)
- escapement pawl
- extension spring
- feature unit
- front door assembly
- fluorescent lamp
- full stroke pawl assembly
- fuse
- fuse block
- G-type relay
- gap
- grommet
- ground
- handle lockout assembly
- handle mechanism
- handle release relay
- handle release reset shaft
- hinge switch
- hopper
- hopper agitator
- hopper assembly
- hopper mixer relay
- hopper override solenoid
- hopper payout counter unit
- hopper rails
- index
- index lever
- index wheel
- insert (top shelf)
- insulator

- interlock relay
- jackpot
- jackpot bell assembly
- jackpot bell
- jackpot bell relay
- key switch
- lamp (fluorescent)
- lamp (incandescent)
- lamp (pilot)
- lamp (starter)
- latch
- latch arm assembly
- link
- lock arm
- lock-in
- lock link
- lock link spacer
- lock pawl spring
- magnet coil
- meter plunger
- microswitch
- middle glass
- model number
- molex plug
- motor (large)
- motor (small)
- NC (normally closed)
- NO (normally open)
- nylon brake cog
- odds motor cam-operated switch
- odds motor unit
- odds unit discs
- open
- outboard wiper
- override solenoid
- parallel circuit
- payout circuit board
- payout counter reset coil
- payout counter step-up arm pawl
- payout counter step-up switch
- payout counter unit
- payout counter zero switch
- payout relay
- payout relay coil
- pinwheel
- ratchet
- ratchet shaft
- reel assembly
- reel assembly rails
- reel mechanism
- reel strips
- rejecter (acceptor)
- relay
- relay frame and mounting assembly
- reset pawl
- reset pawl switch
- residual
- resistance
- resistor
- return spring
- roller bearing
- safety timer unit
- schematic
- "snow" hopper
- sequence
- serial number
- series circuit
- slam tilt
- sleeve
- sleeve shaft
- snap switch
- solenoid
- spiral cam
- spring cup
- static blade
- step-up unit
- stepper
- stop bracket
- support bracket
- switch "A"
- switch "B"
- switch "C"
- switch "O"
- switch spacers
- timer latch link
- toggle extension spring
- top shelf (insert)
- torsion spring
- total in meter
- total out meter
- tower
- transformer (basic)
- transformer (multiple tap)
- trip coil armature
- trip coil bracket
- trip operating drive shaft
- trip pawl
- trip shaft bushing
- trip shaft roll pin
- variator
- win meter
- wiper assembly

California Antique Slots, Inc. - (805) 583-0785 (FAX)

tbaker@california-antique-slots.com

- wiper fingers
- wiper lever arm assembly
- wire
- wire color codes
- zero switch
- zero switch arm pivot
- zero switch stop assembly
