1930 Rockola - US (5 cent)

This Rockola mechanical slot machine is located at Grandma's Attic in Palmdale, CA. Mr. Calvin purchased it from a storage unit in California. California Antique Slots, Inc. verified the machine's operation and condition on camera for the television show (Storage Wars). This machine is a "dedicated original" (all completely original parts) from the Rockola factory. Ivy's gamble in finding a valuable, one-of-a kind, and rare slot machine paid off!
