Advertise On Our Site

Have a link you wish to place on our site? We will be happy to so... either for a fee or as a trade to place a link of our site onto your web page.

We receive several hundred hits per day from all over the world. Please take advantage of the "click through" capability on our site.

We will place your link in our site (as text or a photo) for at least a 6 (six) month period. Send us your web address... it will be carefully analyzed for appropriateness and then considered for inclusion on our site. Reciprocate by placing our web address onto yours for that same time period.

Everybody benefits... and both of our sites are that much more accessible to all in this dendritic growth of open unicursal loops of the entire Internet.

What's not to be gained from that?
